

CroxX foliar

## N37

---

High Nitrogen Fertilizer with Iron and Molybdenum to enhance protein concentration in cereals and to cover spike N-demands of crops. Mg, and Mo support N-metabolism and chlorophyll production.

For Foliar and Soil Application

**Content (% w/w):** 28.0 N / 0.6 MgO / 0.02 Fe / 0.005 Mo

Fe chelated with EDTA

**Density (kg/l):** 1.31 / **pH:** 7.3

### Benefits

- ✓ Premium High Nitrogen Fertilizer with Urea, Ammonium and Nitrate
- ✓ Enriched with Magnesium, Iron and Molybdenum
- ✓ Efficient and fast action
- ✓ Low in chloride

**Packing:** 1l / 5l / 20l / 1000l
