## CroxX micro

# Mix

This fertilizer provides a balanced mix of essential nutrients, promoting healthy plant growth and crop performance. EDTA chelation ensures efficient nutrient uptake, addressing deficiencies quickly. Ideal for supporting growth and enhancing yields in various crops.

For Foliar Application and Fertigation

## Mix

# Benefits

- ✓ Complete trace element Mix with extra MgO and EDTA
- ✓ For preventive and curative use against micronutrient deficiency
- ✓ Fast action and complete solubility

## Content (% w/w)

3.4 N / 1.7 MgO / 32.4 SO<sub>3</sub> / 3.0 Cu / 3.0 Fe / 4.0 Mn / 0.05 Mo / 3.0 Zn

\* Cu, Fe, Mn, Zn chelated by EDTA

**Bulk density (kg/l): 0.95 / pH: 2.5**

**CE certified**

**Packaging: 5kg**
